Learn more in depth from cancer specialists in this new addition to Astera Cancer Classes:

BREAST CANCER CAUSES AND PREVENTION

A better understanding of cancer-related conditions and how they can be managed is possible. Taught by Astera Cancer Care specialists and other local medical experts, our online presentations address some of the most pertinent areas in cancer treatments and advancements. Discussion topics include:

- What causes breast cancer?
- Is there anything you can do to prevent breast cancer?
- Symptoms of breast cancer
- Screening and diagnosis
- Treatment options

If you or a loved one is affected by cancer in any way, we welcome and encourage your attendance. To register for this online event, go to rebrand.ly/pan-bond and have your smartphone, tablet, or computer handy as well as reliable internet access. Once registered, we'll send you a link with additional instructions. We look forward to your attendance!
